17 3t Both phones No. 118.

This is the trade-mark of Scott's Emulsion

and is on every bottle of it sold in the world—which amounts to several millions yearly.
Why—Because it has made so many sickly children strong and well—given health and rosy cheeks to so many pale, anaemic girls and restored to health so many thousands in the first stages of Consumption.

Send this advertisement, together with name of paper in which it appears, your address and four cents to cover postage, and we will send you a "Complete Handy Atlas of the World."
SCOTT & BOWNE, 409 Pearl St., N.Y.

Service Is Profitable.
The sale of land reclaimed by the federal reclamation service is expected more than to repay the \$60,000,000 expended to date by the government.

Good Cough Medicine for Children.

The season for coughs and colds is now at hand and too much care cannot be used to protect the children. A child is much more likely to contract diphtheria or scarlet fever when he has a cold. The quicker you cure his cold the less the risk. Chamberlain's Cough Remedy is the sole reliance of many mothers, and few of those who have tried it are willing to use any other. Mrs. F.F. Starcher, of Ripley, W. Va., says, "I have never used anything other than Chamberlain's Cough Remedy for my children and it has always given good satisfaction." This remedy contains no opium or other narcotic and may be given as confidently to a child as to an adult. For sale by W.T. Brooks. You need no other guarantee.

In Hands of Governor.

The verdicts of the Court-martial in trials of members of the State Guard charged with conduct unbecoming soldiers have been turned over to Governor Wilson. The trial of Captain J. R. Sams for failure to make reports to ranking officers concluded the Court-martial. Governor Wilson will announce the verdicts in a few days.

Beware of Frequent Colds.

A succession of colds or a protracted cold is almost certain to end in chronic catarrh, from which few persons ever wholly recover. Give every cold the attention it deserves and you may avoid this disagreeable disease. How can you crue a cold? Why not try Chamberlain's Cough Remedy? It is highly recommended. Mrs. M. White, of Butler, Tenn., says: "Several years ago I was bothered with my throat and lungs. Someone told me of Chamberlain's Cough Remedy. I began using it and it relieved me at once. Now my throat and lungs are sound and well." For sale by W.T. Brooks. You need no other guarantee.

Splendid Prospects.

Despite the drought, Commissioner of Agriculture Rankin is receiving reports from every section of the State that the farmers have splendid prospects for crops next season. The recent rain have saved the wheat rye and barley sown during the drought.

Muscular Pains Cured.

"During the summer of 1903 I was troubled with muscular pains in the instep of my foot," says Mr. S. Pedlar, of Toronto, Ont. "At times it was so painful I could hardly walk. Chamberlain's Pain Balm was recommended to me, so I tried it and was completely cured by one small bottle. I have since recommended it to several of my friends, all of whom speak highly of it." For sale by W.T. Brooks. You need no other guarantee.

Green River Tobacco Sold.

The board of control of the Green River Tobacco Grower's Association has closed a deal with eight representatives of tobacco companies for the sale of 20,000,000 pounds of the 1906 crop of tobacco, at an average price of seven cents per pound. The association comprises five counties, and the amount they will receive will be about \$1,400,000. The growers in the pool will meet in Owensboro December 5 to ratify the sale.

Divorce Record.

Nearly one million divorces were granted in the United States in the score of years ending in 1906. Of these 30,641 were registered in the State of Kentucky, 30,447 in Tennessee and 60,721 in Indiana. While popular impression, owing to liberality of divorce laws has stamped South Dakota as being the Mecca of estranged couples, it in reality ranks far down in the list, Illinois, with 82,209 exceeding any other State, with Ohio second and Texas third. The divorce rate in Kentucky in 1900 was eighty-four in every 100,000 of population. The divorces granted in the State from 1867 to 1886 was 10,248.

Thoreau's Sensible Answer.

When the forest-haunting hermit Thoreau lay on his deathbed, a Calvinistic friend called to make inquiry regarding his soul. "Henry," he said, anxiously, "have you made your peace with God?" "John," replied the dying naturalist, in a whisper, "I didn't know that God and myself had quarreled!"

THE SECRET OF SUCCESS

"No, Sir! You cannot palm off any substitute on me. I've been using August Flower since I was a boy, and I'll have no other."
Forty million bottles of August Flower sold in the United States alone since its introduction! And the demand for it is still growing. Isn't that a fine showing of success? Don't it prove that August Flower has had unflinching success in the cure of indigestion and dyspepsia—the worst enemies of health and happiness? Does it not afford the best evidence that August Flower is a sure specific for all stomach and intestinal disorders—that it is the best of all liver regulators? August Flower has a matchless record of over 35 years in curing the ailing millions of these distressing complaints. Two sizes, 25c and 75c. All druggists.

Water Will Have Long Flow.

When New York city gets its water from the Catskills, the longest flow will be from a point 130 miles from the city hall.

Drennon Springs MINERAL WATER

The most reliable, satisfying purgative, relieving obstinate constipation and invigorating the digestive organs and restoring healthy liver and kidney action.

Especially recommended by physicians for the cure of dyspepsia, resulting from over indulgence in eating and drinking.

Remarkably accepted to the most delicate stomach and has no griping or other disagreeable properties.

Most effective when used before breakfast, but can be drunk at any time, and if preferred can be taken hot.

Price, 25 cents per gallon; containers extra.

Is Turning White.

Frankfort has a remarkable scientific phenomenon which is attracting much attention from physicians. Ben Sayers, a negro, has turned white as a result of coming in contact with poison ivy. The scientific explanation of the change is that the pigment of the body has been destroyed by the poison or by the medicine which was used to counteract it.
